Eastern News.

A RECENT AND ILLUSTRATIVE ANECDOTE.—This is but confirmatory of various accounts which have reached us from other sources. I know of a case in point. Some four or five months ago, before the Fort Sumter affair, when the Secession fever was at its height, a prominent railroad gentleman in North Carolina was in Philadelphia on the subject of rail roads. He was then full of secession. He went to an engraver and got a die cut for a secession button. When the work was done he was written to, but he did not respond—Last week he appeared, paid for the die, and handing it back to the artist, said to him—"There, put that in your cabinet of curiosities. Secessionism is really played out in Old North Carolina." This man now speaks of "Jeff Davis and his cut throat crew," as having nearly ruined North Carolina for half a century to come.

THE REBELS AT SPRINGFIELD.—John Seary and George Westlake, of the Iowa First, made prisoners by the rebels at the Springfield battle, arrived in this city on Wednesday night. They were liberated on taking the oath not to fight against the Southern Confederacy or her friends." They give the following intelligence: The rebels have plenty of beef, but are totally out of salt, and find the want of it a great annoyance. Twelve hundred Cherokees in their army, but who did not take part in the battle, were sent home with the remark, that "all the fighting that was required could be done without them." As many as thirty or forty men a day went into the offices of the commanders, demanding passes to go home, and declaring they would go whether furnished with passes or not. The number of wounded as well as dead was immense. The occupants of every three houses were obliged to ensconce themselves in one, giving up two of the three for the accommodation of the wounded. Those who lived in two story houses had to move to the upper story for the same purpose. The largest number of the wounded of the rebels are in and above the center of the body.

A GIRL'S WARDROBE.—Said the hard-working mother of two young lady daughters, the other day: "I declare, I don't know what I shall do with Julia. She keeps me forever mending for her. I paid fifteen dollars for a grenadier dress for her not two weeks ago, at Stewart's and, on looking at it to day, I find it so torn that it would take a day's work to put it in order."

"Why don't you set her to work at it—make her mend it herself?" was asked by the person whom she addressed.

"Oh! dear me, it would be worse than to do it myself; she has never made a stitch of her own clothes, or even mended her stockings in her life."

"Do you intend she shall marry in such ignorance?" asked the visitor.

"Oh! well—I am sure I don't know. can I do? Her time is so taken up with music and beaux, and going out that she can attend to nothing else; and I think, for pity's sake, let her have a good time while she is young—she will come into trouble soon enough."

It would be no use to tell such a mother that such indulgence was selfish, cruel and inhuman—that she was preparing abundant sources of the "trouble" she feared in the future, and depriving the daughter of the means of much present happiness. All that, and much more, would be time and breath wasted, and indeed, good advice always seems so trite, and stale and common place, that it is invariably reserved for the last corner in Saturday evening newspapers. But for the sake of future husbands, if mothers are too lazy and selfish to do their share, let the care of the wardrobe be part of the discipline of schools. Let every girl in some way or other be taught to make and mend every article of clothing which is needed in the family, and especially her own. Let the sewing machine take its place beside the globe in all educational institutions, and a thorough knowledge of it be considered as essential as the piano.

Modern skill has invented charts for dress making, both for children and adults, which ought also to be used in schools. The principle is simple as that two and two make four, and a very few practical lessons would render any girl of ordinary ability capable of cutting out her own dresses, while, with the sewing machine, it would only be amusement to make them.

IT'S WHAT YOU SPEND.—"Its what thee'll spend, my son," said a sage old quaker, "not what thee'll make, which will decide whether thee's to be rich or not." The advice was trite, for it was Franklin's in another shape: "Take care of the pennies, and the pounds will take care of themselves." But it cannot be too often repeated. Men are constantly indulging in small expenses, saying to themselves that it is only a trifle, yet forgetting that the aggregate is serious—that even the sea-shore is made up of petty grains of sand. Ten cents a day even is thirty-six dollars and a half a year, and that is the interest of a capital of six hundred dollars. The man who saves ten cents a day only, is so much richer than he who does not, as if he owned a life estate in a house worth six hundred dollars.

Congressman Potter's committee reported to-day to the Secretary of War, the names of 12 disloyal clerks, and not a few disaffected army officers; to the Secretary of the Treasury the names of 31 disloyal and 10 suspected; to the Secretary of the Interior, 20 disloyal and 7 suspected. Similar reports will be sent to the other Secretaries. These men are considerably of the Curry and Lane school. Why are they kept in office, when there are thousands of men thrown out of employment by this secession war, as competent for the duties of the offices, as these traitorous occupants?

If a young man spends more money than he earns, he will soon be strapped.

Legal Notice.

In the Circuit Court of the State of Oregon for Multnomah County. A. M. A. Blanchet, Complainant, vs. Oswald Travaillot, Defendant. In Chancery.

TO OSWALD TRAVAILLOT, Defendant: You are hereby notified that A. M. A. Blanchet has this day filed in my office his bill of complaint and commenced a suit against you, in which he claims that on the tenth day of June, A. D. eighteen hundred and fifty-seven, you made and delivered to him a certain promissory note for the sum of six hundred dollars, payable ten months after date, with interest at the rate of two per cent. per month, and at the same time made, acknowledged and delivered a certain mortgage dated upon lots numbered three and four in block number three, in Couch's claim or addition to the City of Portland, in the county aforesaid, as security for the payment of said note; and complainant prays for a decree of foreclosure and for the sale of the said mortgaged premises to pay the amount due upon said mortgage, to-wit: The sum of six hundred dollars and interest as aforesaid since the twentieth of September, A. CITY.

U. S. DISTRICT COURT.—This Court occupied the entire day yesterday in hearing the argument in the libel case of Capt. Edwards vs Steamship *Panama*.

EXPORTS PER SIERRA NEVADA.—3,720 sacks flour, 577 boxes apples, 14 boxes eggs, 16 boxes butter, 179 boxes bacon, 4 boxes lard, 28 sacks wheat, 1 wagon and 4 wheels, 1 ton coke.

PURCHASING HORSES.—The street in front of the Pioneer Hotel was quite lively yesterday in consequence of the Quartermaster's agents being about purchasing horses for the U. S. Military service.

DAY OF ATONEMENT.—This day is observed by the Israelites as a day of atonement, generally kept very reverentially by them in prayer and fasting. They will keep their places of business closed through the day.

Report of second month of the summer term of the Portland Public School, No. 1.

SENIOR DEPARTMENT.—Whole number of scholars, 102; average number 71; number of females, 55; number of males, 47. B. F. Boynton, Principal; Miss F. M. Kittredge, Assistant.

JUNIOR DEPARTMENT.—Whole number of scholars, 75; average number, 52; number of females, 40; number of males, 35. Miss E. J. Way, Principal.

PRIMARY DEPARTMENT.—Whole number of scholars, 103; average number, 87; girls 47, boys, 56. Mrs. Hensill, Principal; Miss Frazer, Assistant.

Whole number attending school, 280; average daily attendance, 210.

ARRIVAL OF THE CARRIE LADD.—The *Carrie* brought down $110,000 in gold dust last night, $30,000 by Express, the rest in the hands of passengers.

We are indebted to the gentlemanly Express messenger for the following item of news:

GOLD SPRING RANCH,
14 miles this side of Oro Fino.

A murder was committed at this ranch on Sunday the 8th. The party committing the murder was a French Doctor, and the person murdered was a young man named Robert Upjack. The latter was drunk, and abused the Doctor by slapping his face and pulling his beard; he then turned to go out, when the Dr. reached for a double-barrelled shot gun, and fired, shooting him in the neck and breaking [illegible]. The name of the Doctor was not known.

ACCESSIONS TO JEFF. DAVIS' ARMY FROM OREGON.—John K. Lamerick (Gov. Curry's Brigadier General) is now a commissary in Jeff. Davis' Army. Adolphus Hanna, late Marshal of the State, it is said, has gone in the same direction. J. B. Sykes, late Indian Agent, has seceded for the same point. Never a word has been uttered by Gov. Curry against these movements of his political friends. We shall not be surprised any morning to hear that he has gone to join his old companions with a major general's commission in his pocket.

SAILED.—The bark *Live Yankee* left Oak Point yesterday, for San Francisco, with a cargo consisting of 297,000 feet lumber, and 21,000 oak staves.

The *Advertiser* of Thursday is made up of articles intended for the encouragement and comfort of the enemy which is seeking to destroy the Union and the Government. It is that very thing that has called for the interference of a Grand Jury of a United States Court in New York. That Grand Jury did not hesitate to say that the encouragement and comfort of the enemy by secession presses was treason,—and they scouted that distinction sought to be made between *moral* traitors and *legal traitors*. The *Advertiser* manifestly believes that it can indulge in *moral treason* against the country, without being subjected to the penalties of *legal treason*. We shall probably have decisions ere long that will open another chapter than that now relied on by *moral treason* to escape the punishment due *legal treason*. We believe we have a Government and that it has the means of law, constitution and power, to sustain itself; and of these facts *moral traitors* will receive lessons in good time.

COMPLETED.—The military road between Monticello and Olympia is now entirely completed, and wagons are able to perform the entire distance without any interruption.

One hundred and thirty seven commissioned officers of U. S. volunteers have resigned since the battle of Bull Run. [Very doubtful statement.]

The Medical and Surgical Institute of DR. L. J. CZAPKAY is already secured in a position which places it, as well as its proprietor, far above the assaults of envy and professional malice. In the schools of France the highest prizes are often awarded to practitioners in this department of medical science, and they occupy with others an equally lofty position in the profession. Ricord is an illustrious example, a shining light among the philosophical stars of his age in Europe, and Dr. Czapkay has fully equalled him in this celebrity, as a proof of which the [illegible] of Medicine complimented him with a Diploma [illegible] Selecting thus as his field of operation [illegible] the University of [illegible] and the Chief Surgeon of the Hungarian [illegible] army for more extended labors Dr. L. J. Czapkay has bent his earnest attention to the cure of chronic and private diseases, in which he has become so great an expert that he is now regarded as the LEADER in this branch of his profession throughout the United States, and his portrait and biography are published [illegible] in the most exclusive journals. The Doctor's offices are at his Medical and Surgical Institute on Sacramento street, corner of Leidesdorff, nearly opposite the buildings of the Pacific Mail Steamship Company, San Francisco. We ask particular attention of our readers to the [illegible] certificates of remarkable cures in another column of this paper. Persons not wishing to lose time in corresponding, please enclose $10 in their letters and they will get immediate attention to their cases. Address, L. J. CZAPKAY, M. Commercial and Financial.

We have the Honolulu *Advertiser* of August 1. Great complaint is made of the dullness of the times and hot weather. There was no shipping in the harbor, and the mercury for several days had risen to 90° in the shade. The drafts on the U. S. Government, by its former consul, were not paid, because they were not countersigned by the U S Commissioner. The *Advertiser* says that there was exported to San Francisco from the Hawaiian Kingdom, in the six months previous to June 30th —Coffee, 24,974 lbs. Fungus, 118 bales, Molasses and Syrup, 30,084 gallons, Pulu, 1,310 bales, Salt, 3,152 sacks, Sugar, 777,904 lbs.

DR L. J. CZAPKAY'S

Private Medical & Surgical Institute,

SACRAMENTO STREET BELOW MONTGOMERY,
Opposite Pacific Mail Steamship Company's Office, San Francisco

ESTABLISHED IN 1854 FOR THE PERMANENT cure of all Chronic and Private Diseases, and the SUPPRESSION OF QUACKERY. Attending and Resident Physician, L. J. CZAPKAY, M. D. Late in the Hungarian Revolutionary Wars Chief Physician to the 20th Regiment of Honveds, Chief Surgeon to the Military Hospital of Pesth, Hungary, and late Lecturer on Diseases of the Genito-Urinary Organs and Diseases of Women and Children and Honorary Member of the Philadelphia College of Medicine.

☞ Particular attention paid to the treatment of diseases peculiar to Women and Children

OFFICE HOURS—From 9 A. M. to 8 P. M.

All Communications strictly confidential. Permanent cure guaranteed or no pay. Consultations, by letter or otherwise, FREE.

Address DR L. J CZAPKAY San Francisco

Of all diseases, the first great cause springs from neglect of Nature's laws

To the Afflicted:

Suffer not when a cure is guaranteed in all stages of secret diseases—Self Abuse, Nervous Debility, Syphilis in all its stages, Strictures, Gleet, Gravel, Diabetes, diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, Diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitus Dance—and all diseases arising from a derangement of the sexual organs—such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision, with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Diseases, Eruptions upon the Face, Pains in the Back and Head, Female Irregularities—and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines are pleasant, without odor, entirely vegetable, causing no sickness and free from mercury or balsam. During fifteen years of practice in Europe, the Atlantic States and California, I have rescued from the jaws of death many thousands, who, in the last stages of the above mentioned diseases, had been given up to die by their physicians, which warrants me in promising to the afflicted who may place themselves under my care a speedy and permanent cure. Private diseases are the greatest enemies to health, as they are the first cause of consumption, scrofula, and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, the majority of cases falling into the hands of incompetent persons, who not only fail to cure the disease but ruin the constitution, filling the system with mercury, which with the disease hastens the sufferer into a rapid consumption. But should the disease and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in scrofula, tetter, ulcers, eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

Self-abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victim of self-abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

The peculiarities and diseases of males and females treated on principles established by fifteen years of practice and sanctioned by thousands of the most remarkable cures. Medicines, with full directions, sent to any part of the State, Oregon and Washington Territory by patients communicating their symptoms by letter.

All business correspondence strictly confidential. Address DR L. J. CZAPKAY Medical Institute, Sacramento street, below Montgomery, opposite Pacific Mail Steamship Co's Office, San Francisco
